

Statement to Interested Parties – April 20, 2020

The Laurels of Gahanna has followed all appropriate COVID-19 reporting guidelines provided by the Ohio Department of Health (ODH) and will continue to do so going forward in conjunction with the changing directives shared by Governor Mike DeWine and Dr. Amy Acton this afternoon. The facility is in regular contact with Columbus Public Health and, by proxy, ODH.

In addition, The Laurels of Gahanna has been implementing and acting on guidance from external agencies such as the Centers for Disease Control and Prevention, Centers for Medicare and Medicaid Services, and the Department of Health and Human Services since February 28, 2020.

The safety and well-being of our residents, employees and their families remains our top priority. We will continue to communicate timely with the families of our residents as well as our employees as additional information becomes available.

We appreciate our community's continued support and understanding.

Respectfully,

Kristine Provan
Regional Director of Operations, Laurel Health Care Company
